

New Edgewinder®

“The Ultimate Edger”

Patent Pending

- ◆ Less than 4" high deck and 26" reach allows the EDGEWINDER to get back deep in under racks, gondolas, and shelving.
- ◆ Propane engine driven 14" diameter Stratagrit brush digs out years of accumulated dirt and grime. Easily cuts through layers of edge build up. Strips at a walk.
- ◆ Floating flexible guard contains strip solution, allows close contact with walls, shelving legs, corners, and other tight areas.
